

CANTERBURY SEASONAL WORK CALENDAR : 2023

Encompassing the South Islands largest city – Christchurch – and the largest horticultural land area in NZ – the Canterbury plains – this region is New Zealand’s breadbowl, producing over half of our wheat and barley, although the largest single crop (other than grass for Dairy) is Onions. In recent decades viticulture has expanded on the limestone escarpments of Waipara and Burnham, and a lot of areas have converted to Dairy farming. It’s a big area and the variety of land use is very wide as the seasonal work availability shows. With the South island’s key airport Christchurch is also a tourist hub for the Ski industry and other travel.

INDUSTRY PAY RATE	When	What	Demand	Find jobs	Pay range
